on HWY 13, directly across from
the village Pigeon Lake

PRESENTED BY:

TURTLE ISLAND SOLUTIONS LTD.

To All My Relations,

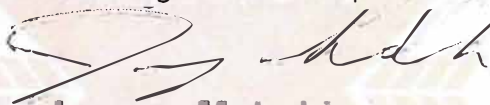

Turtle Island Solutions is pleased to present the FERDA (Kids) CLASSIC 2026 Golf Fundraiser. This year's event will be held at Black Bull Golf Resort. Your participation will be supporting the Warrior Golf Jr. Academy offering sport and life lessons to our Indigenous children under 18, all infused by our 7 Grandfather Teachings. Currently the program has hosted children, who are all receiving care and assistance through Child and Family Services. All have never picked up a golf club before and are now loving it. Our weekly speakers offer life lessons and cultural teachings. They range from community Elders to Professional sports players, ending their day with a little competition. Our collaborative efforts will help expand and grow this model, so we can offer it to more children and more communities.

So please join us in our mission to create opportunities for our children through sport and gathering. We will also celebrate and share our languages, identities, and cultures. Together we can build and strengthen the gap between First Peoples and non-Indigenous groups. We will walk together in unity.

Last event, Turtle Island Solutions announced a huge milestone for its future and our people. It was announced Turtle Island Solutions entered into agreement with Luina Local 92. This allows Turtle Island Solutions to offer its workforce world class training, employment, apprenticeship, benefits, pension plans, etc. Turtle Island Solutions was born amongst the Covid pandemic offering sanitation response and products to combat the Pandemic. It wasn't long Turtle Island Solutions quickly expanded into janitorial & maintenance and continues to steadily grow. As sanitation was the start of our services, they do not end there, Turtle Island Solution has since become an expert in labour and construction services offering everything from hospitality, all the way to the energy sector. We strive to be the "go-to" when planning or implementing your short or long-term project. With technology continuing to take over a people driven business, you need a partner that can help you find the perfect balance to drive workforce productivity and business performance; one with the expertise, scope and vision to provide all-encompassing support components.

As we continue to seek ways to exercise reconciliation and work towards partnerships, please join us on this day of celebration, while raising funds for a worthy cause. I thank you in advance for your participation and/or sponsorship. If you cannot make it, we graciously accept any contributions to assist in making this event a success.

For further information please contact me at 587-594-8908 or jeremymakokis@gmail.com if you are interested in participating and/or sponsoring the event. We thank you in advance and hope to build a meaningful relationship
